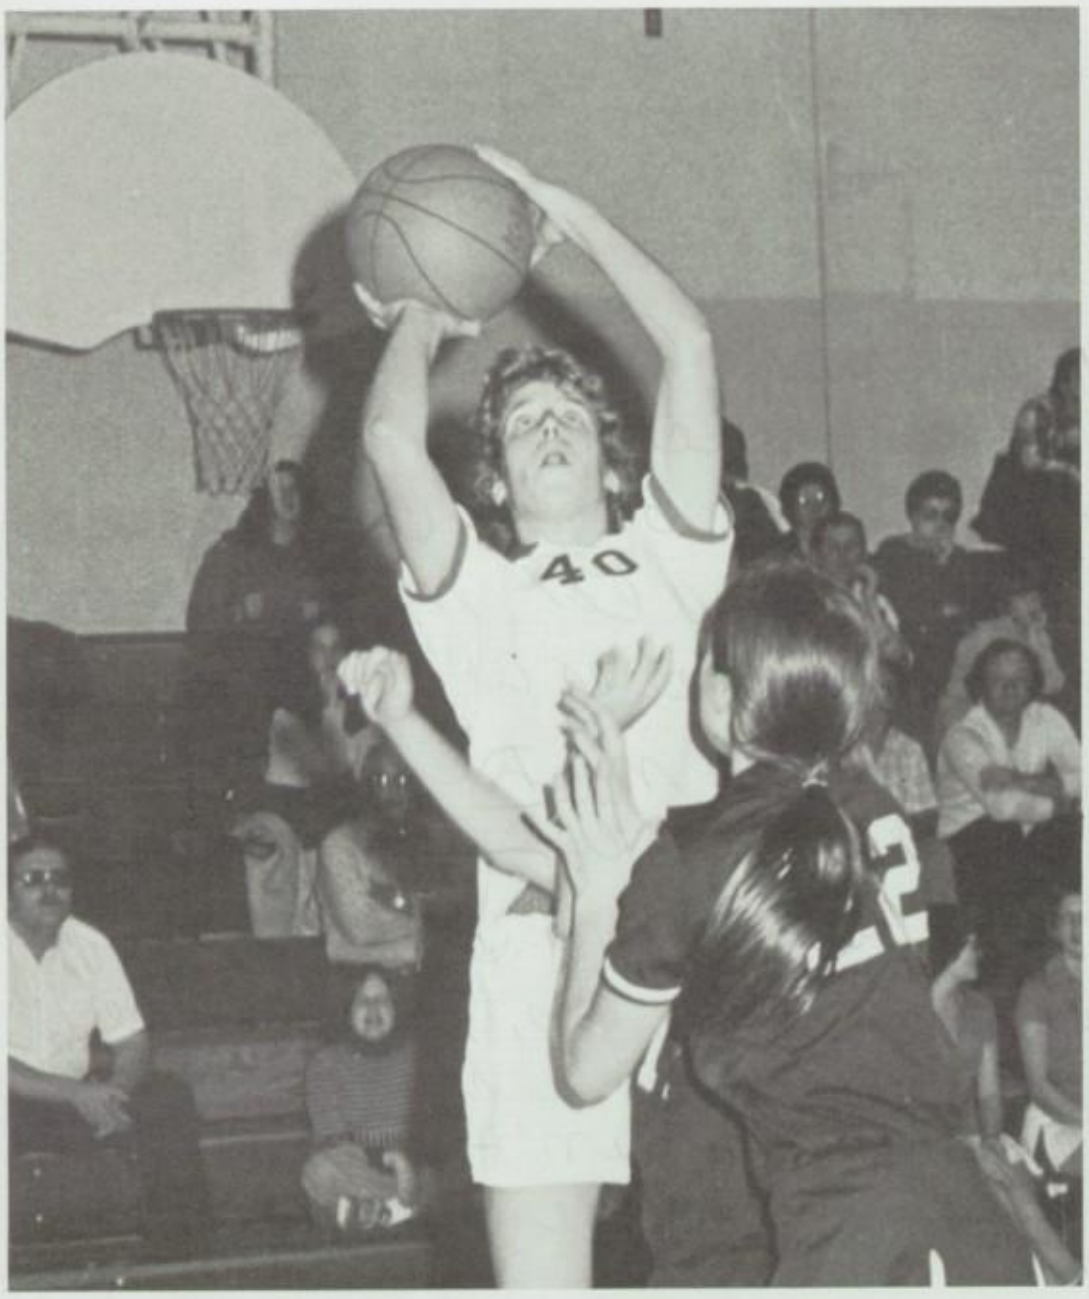
THE CHAMPIONS



The 1978 Yearbook Editors, Staff, and Advisor wish to congratulate the Tamaqua Raiderettes - PIAA CLASS AA State Champions. A special commemorative section honoring the Raiderettes will appear in the 1978 Supplement.

Lorna, To the best friend I ever had. Remember all of our good times together. Forget all of our differences, because I forgo them. We had too many good memories together to throw them all away with our not talking to each other. I wanted to talk to you so many times, I even was gonna mail you a letter, but I figured you were really mad at me. Remember the Christmas party & the Victory party for V.G.'s how much fun we had. Well there is gonna be alot more fun times ahead of us this summer. The most fun part will be swimming at the valley pool all day & then going out half the night or going down to the movies to see his skin flick pictures. I hope our fighting days are over so we can be best friends again, the future has alot more fun times planned for us. Remember when we went down the shore last summer & met those good-looking life guards, or the time we went to a party & I told my dad we were going bowling & you told him we were going to the movies, next time we better get our stories straight. There are alot of things to remember But there isn't enough space in this year book to write them all on. Next year when I sign your year book there is going to be alot more to write about. When I am only a Senior & you are allready in college I will write to you every chance I get, & when your home or leave come & see me, & don't party to much & keep your mind on your school work & not on all the great looking guys on campus!! & remember when you get enough money when I am in college ex Hawaii, take a cruise out & stay for about a month, college life is not all parties!! Well I will be seeing alot of each other over the summer, so I hope we are still friends & your not mad. I forgot everything, I hope you do.

Designing the world's largest bird house.

"I hope this is the right one".

The Pepsodent smile.

"Aw ——, it's not straight."

Watch your finger!!!!!!!!!

The final touches!

"And they told me sewing was fun!"

"Now where did this come from?"

"If I cut off any more, there won't be anything left."

"What do I do next?"

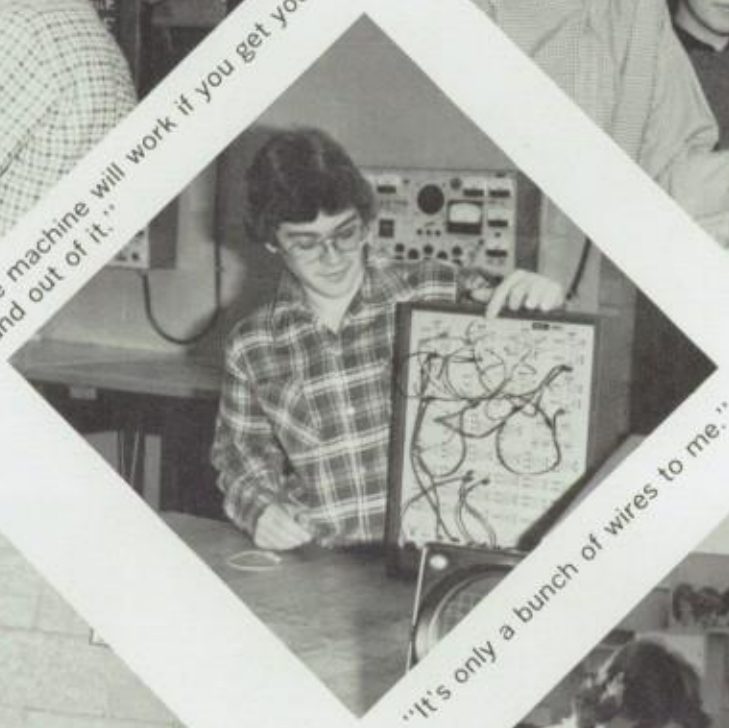
"A little bit of this and it'll be stuck for life"

"You sure look pale."

"Now if I could only get the head back on."

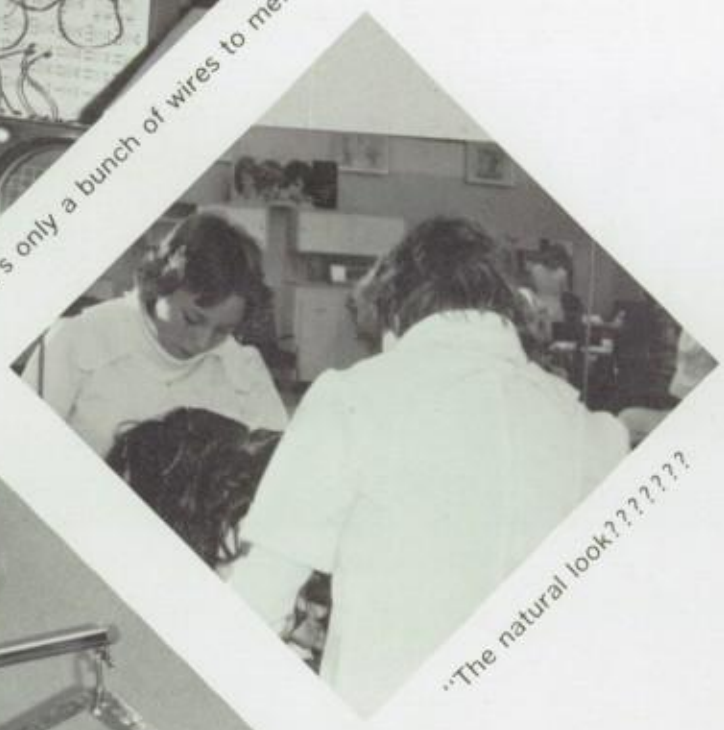
"The machine will work if you get your hand out of it."

"Just take a look at that."

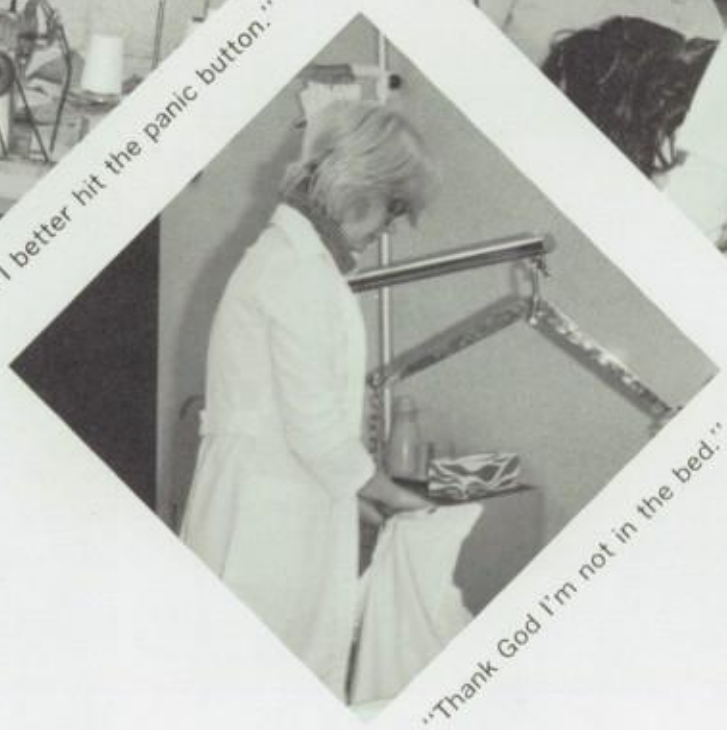


"It's only a bunch of wires to me."

"I think I better hit the panic button."



"The natural look??????"



"Thank God I'm not in the bed."
